**The team at the Sandville Self Help Foundation aim to:**

- Provide individuals and family members with an opportunity to meet and give mutual support around a cancer diagnosis and treatment.
- Give people an opportunity to talk openly about their experience with cancer knowing that others are listening and have been through experiences that are similar.
- Share practical information and signpost to other support services.
- Enable people to build new friendships and support each other.

**“** I felt lost and alone even though I had great support from my family and friends.

I needed to find people who felt the same as me and to stop feeling so alone since my cancer diagnosis and treatment.

I felt that nobody understood how I felt until I came here and met people who had the same feelings of being alone and lost.

Nid oes angen apwyntiad arnoch!

Mae'r tîm ar Sefydliad Hunangymorth  
Sandville yn anelu at:

- Rhoi'r cyfle i unigolion ac aelodau teulu i gyfarfod a rhoi cymorth i'w gilydd ynghylch diagnosis a thriniaeth canser.
- Rhoi'r cyfle i bobl siarad yn agored am eu profiadau â chanser gan wybod bod eraill yn gwrandio ac wedi bod drwy brofiadau tebyg.
- Rhannu gwybodaeth ymarferol a chyfeirio'r bobl i wasanaethau cymorth eraill.
- Galluogi pobl i feithrin cyfeillgarwch newydd ac i gefnogi ei gilydd.

Roeddwn i'n teimlo ar goll ac yn unig er fy mod yn cael cymorth gwych gan fy nheulu a'm ffrindiau.

Roedd angen i mi ddod o hyd i bobl roedd yn teimlo'r un fath â fi ac i stopio teimlo mor unig ers fy niagnosis a thriniaeth canser.

Roeddwn i'n teimlo nad oedd neb yn deall sut roeddwn i'n teimlo nes i mi ddod yma a chyfarfod pobl a oedd yn profi'r un teimladau o unigrywedd a bod ar goll.
